

MAX-ATOMIZER™ FUEL INJECTOR CLEANER

Royal Purple's Max-Atomizer is a fully-synthetic, highly concentrated, high performance fuel injector cleaner. It is specially formulated to solve problems with today's direct injection engines, but can be used with any type of fuel injection. Max-Atomizer contains highly concentrated polyether amine (PEA) detergents that quickly clean clogged and coked injectors, restoring 100% of injector flow. This optimizes injector spray patterns and better atomizes fuel as it enters the combustion chamber. The result is improved fuel economy, enhanced power and performance, reduced emissions, smoother idle, and quicker / easier starts. Max-Atomizer is the only fuel injector cleaner that also stabilizes ethanol, which chemically breaks down to cause harmful effects to an engine.

PERFORMANCE ADVANTAGES

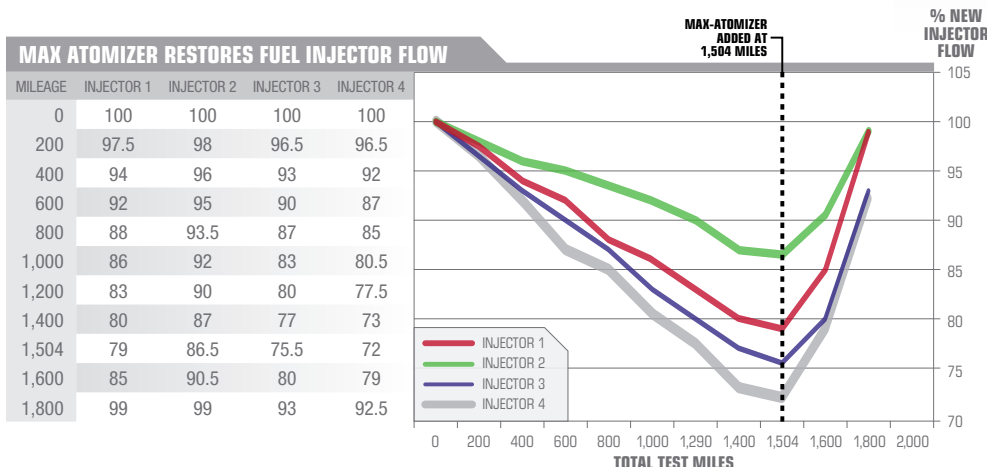

- Restores fuel economy
- Stabilizes Ethanol
- Maximizes horsepower
- Improves responsiveness
- For use in both gasoline and diesel engines
- Recommended for all ethanol blends
- Will not harm vehicle emissions equipment
- EPA / CARB Compliant
